

DGAP-Corporate News: LIMES Schlosskliniken AG:

LIMES Schlosskliniken AG increases stake in Swiss clinic PRC Group AG

LIMES Schlosskliniken AG, Cologne, 22.06.2023. LIMES Schlosskliniken AG has acquired a further 5 percent of the Swiss PRC Group AG. The remaining 44 percent are held by the management of the Paracelsus Group. This brings the total shareholding of Limes Schlosskliniken AG in the PRC Group to 56 percent.

PRC Group operates the world's most exclusive, individualized and discreet clinic for addiction and mental illness under the name Paracelsus Recovery. With teams of 15 doctors and therapists per patient, it treats mainly international UHNW clientele and prominent patients at its locations in Zurich and London.

The financing of the transaction follows from liquid funds of the LIMES Group.

Company profiles:

Paracelsus Recovery was founded in 2013 as a family-owned clinic and has established itself as the world's leading clinic for addiction and mental illness. Besides its base in Zürich, since 2019 the clinic also treats patients in London. Furthermore, the clinic sends individual therapists and whole teams to support patients worldwide in their homes. The exclusive treatment offers are catering to an affluent international clientele such as business owners, top executives and public figures, as well as their family members, who seek not only the best possible and most intensive treatment options, but require strict confidentiality and a luxurious environment. More information can be found at www.paracelsus-recovery.com.

The LIMES Schlosskliniken Group operates high-quality private clinics in Germany for stress-related illnesses, mental and emotional disorders, such as depression, affective disorders and acute burnout conditions. The range of services is aimed at private patients, those entitled to state aid and self-payers. The LIMES Schlosskliniken Group stands for the special approach of a relationship-oriented medicine in the treatment of people with mental illnesses. In addition to top medical quality, patients are offered a unique, protected and healing environment in which they can recover holistically.
